

REMARKS

This application is currently on appeal. During preparation of the appeal brief, two minor errors were noted in the specification which are addressed by this amendment.

Cross reference to related applications

In the Supplemental Response filed in November 2007, reference was made to USSN 632,132 in the remarks portion of the response, but the amendment referred to this application as opposed to USSN 632,132. That oversight is corrected by this amendment.

Paragraph 0076

A minor typographical error is corrected by this amendment

Claim 8

Claim 8 is amended (i) to remove the word “at” where it was formerly associated with the word “least” and to (ii) remove the words “at the” so that the antecedent basis is clear for the term “each printer”.

The Commissioner is authorized to charge any additional fees which may be required or credit overpayment to deposit account no. 08-2125. In particular, if this response is not timely filed, then the Commissioner is authorized to treat this response as including a petition to extend the time period pursuant to 37 CFR 1.136 (a) requesting an extension of time of the number of months necessary to make this response timely filed and the petition fee due in connection therewith may be charged to deposit account no. 08-2125.
